**LAKE CITY AMBULANCE COMMISSION  
MONDAY, NOVEMBER 18, 2013  
6:00 P.M.  
REGULAR MEETING**

**Members Present:** Marilyn Pfeilsticker, Richard Wedge, Carl Wirtanen, and Cindy McGrath, Jim Meyer

**Others Present:** Gail Riemersma Ambulance Director, Dr. Spano MCHS-LC Medical Director, Susan Stiene MCHS-Lake City Advisory, Matt Powers Council Liaison and Jacob Kolander EMT Administrative Assistant

Carl Wirtanen Chair called the meeting to order at 1800 with a quorum present.

APPROVAL OF MINUTES

**MOTION BY MEYER TO APPROVE THE MINUTES OF THE MEETING SEPTEMBER 16 2013 SECONDED BY WEDGE ALL AYES.**

**MOTION BY MCGRATH TO APPROVE THE MINUTES OF THE SPECIAL MEETING OCTOBER 7, 2013 SECONDED BY MEYER ALL AYES.**

SEPTEMBER & OCTOBER CALL STATISTIC DISCUSSION

It was questioned if the turndowns listed were also the same calls listed as “Cancelled-Request Transferred to Another Provider”. Riemersma said, in general yes they are, but that is not where she gets her numbers from. She is attempting to have the staff accurately record turndowns in this category. Wirtanen noted that the ALS runs in September were almost 83% of the calls—the highest he recalls to date.

**Unfinished Business**

FACILITY UPDATE

Riemersma informed the Commission that she, Cory, and John had a meeting with the Architects to review and modify the initial concept plan. Some rooms that had been initially added by the architects were removed or consolidated to reduce space. The architects are presently revising the plan and working on a preliminary cost estimate.

800MHZ RADIO DISCUSSION

Riemersma reported a meeting was held with Cory, Ron, Gail, and the Sheriff to discuss having Wabasha County Law Main Channel added to at least the truck radios. The Sheriff gave little explanation, but said he would not do so since he “had to protect the citizens”. Ron advised him of the Commissions strong stance on this issue.

The commission noted that Goodhue County has provided us with their Law Main. Wirtanen suggested Gail check with surrounding counties—Olmsted and Winona to see if they withhold this channel from the ambulance services. If they do not, this can be used to bring more pressure on our Sheriff.

**MCGRATH MOVED, SECONDED BY MEYER THAT THE CITY COUNCIL PURSUE GETTING LAW MAIN ADDED TO THE AMBULANCE TRUCK RADIOS. ALL AYES.**

### TURNDOWNS DISCUSSION

We are turning down fewer calls than in the past.

### SCHEDULE DISCUSSION

McGrath questioned why there were eleven listed that had no hours on the schedule during both September and October. Riemersma explained that some of these were casual paramedics which do not have any minimum time requirements or they may be new EMTs just getting started.

Since the schedule report does not list the staff by category, it was requested by the Commission members that the report be changed to show staff names and category.

Riemersma also explained that some of the EMTs just hired are college students and cannot meet the minimum 32 hours/two weeks. Wirtanen asked if the policy needed to be modified to allow for that situation without setting up the Director for criticism from other EMTs. She explained that the policy has that covered and she is comfortable with it as is.

### 271 REPAIR DISCUSSION

271 was losing antifreeze since we took ownership, the service tech did not realize that there was a second heat exchanger in the rear that was part of the engine cooling system and when changing the coolant neglected to fill it adequately. It has since been fixed and there are no problems.

### **New Business**

#### WELCOME JACOB KOLANDER AS NEW EMT ADMINISTRATIVE ASSISTANT

A brief discussion welcoming Jacob who said he is glad to be here.

#### ANNOUNCEMENT BY CHAIR, CARL WIRTANEN

Wirtanen announced because of personal reasons he has chosen to resign from the Commission effective November 19, 2013. He suggested that assuming his position will be filled, that the next meeting should be convened by Vice Chair, Pfeilsticker and the Commission select a new Chair at that time.

#### AMBULANCE RATES FOR 2014 DISCUSSION

Riemersma presented the rate increase at 2% per the Commission's prior determination a few years ago. Discussion was centered around the question if this rate increase was really correlated to ambulance cost increases. Basically, was the increase adequate, and how do we know?

**MEYER MOVED, SECONDED BY WEDGE THAT THE AMBULANCE RATES FOR 2014 BE SET AT THE 2% INCREASE PROPOSED, BUT THAT THE COMMISSION REVIEW THE BUDGET IN SIX MONTHS (JUNE) TO SEE IF ANY FURTHER ADJUSTMENT IS NEEDED. ALL AYES.**

#### RECOMMEND EMT BE HIRED

Riemersma presented and recommended two candidates be hired.

**WEDGE MOVED, SECONDED BY MCGRATH THAT GREG GARDNER BE HIRED PENDING BACKGROUND CHECK AND COUNCIL APPROVAL. ALL AYES.**

**MCGRATH MOVED, SECONDED BY MEYER THAT BRIAN DONALDSON BE HIRED PENDING BACKGROUND CHECK AND COUNCIL APPROVAL. ALL AYES.**

**MOVED BY MEYER AND SECONDED BY MCGRATH TO ADJOURN THE MEETING AT 1929 ALL AYES**

---

**Carl Wirtanen - Chair**

**DRAFT**

3. TB mask fitting is to be done on a yearly basis. This should be done annually unless a waiver is signed and kept by the director with appropriate files.

## **City of Lake City Complaint Resolution Procedure**

1. Purpose

To establish a protocol or framework for employees and their supervisors to follow in addressing and resolving job related problems/conflicts that may develop from time to time in the work environment.

2. Procedure

Employees and/or their supervisors are encouraged to openly discuss, address and resolve job related problems and concerns, however in instances where employees are uncomfortable and or dissatisfied with the problem resolution process, the following procedure shall be utilized:

- a. Present the problem or concern to the employee's immediate supervisor. The problem may be a verbal presentation, but preferably a written statement should be presented. The immediate supervisor shall present a resolution decision to the employee within three working days of the inquiry.
- b. If the employee is unsatisfied with the results of Step 1, then the employee may discuss the problem directly with the department head of the department the employee is assigned to. This step may involve discussions with both the employee and their department head. The employee's department head shall present a resolution decision to the employee within three working days of the inquiry.
- c. If the employee is unsatisfied with the results of Step 2, then the employee may discuss the problem with the city administrator, who will in turn address and communicate his decision in writing to the employee and the supervisor within three working days. Where circumstances warrant an extension and/or investigation that will go beyond the three-day time frame, administration will determine the appropriate time frame for submitting a written response.
- d. If the employee is not in agreement with the decision made in Step 3 (by administrator), the employee shall present the problem in writing to the board or commission that is in charge of their department. The board or commission has the option to ask the employee to appear and present their concern/problem personally to the board or commission. The board or commission's response shall be directed through the city administrator whereby they will communicate the board or commission's decision to the employee.
