Director Scott Jensen, Planning and Community Development Director Rob Keehn

Mayor Beckman called the meeting to order at 5:00 p.m.

Mayor Beckman requested the addition of City Administrator evaluation discussion.

**Motion Schreck, second Peters to approve the agenda as amended. All ayes 6-0-0.**

Approve scope and funding for TH61 corridor study

Public Works Director Jensen is requesting approval of a contract with SEH to review the Highway 61 corridor through Lake City. In 2019 the Minnesota Department of Transportation (MnDOT) is scheduled to mill and overlay TH61 through Lake City. Staff has been working internally and with MnDOT staff over the past 2-3 years to identify improvements the city may want in conjunction with this project. The proposed study concentrates on the segment from approximately Elm St. to Central Point Road. It is a high level look at benefits, opportunities and estimated costs and also looks at potential funding from multiple sources. SEH will contract with the city to do Phase 1 of the study at a cost of \$26980.00. If approved, the study would begin in June, with a final report in September 2015.

City Administrator evaluation

Council consensus is to have an informal discussion meeting with the Administrator regarding setting performance goals for his December annual review. A meeting date of June 29, 2015 at 5:30 was set.

**Motion Schreck, second Waltman to adjourn at 5:50 p.m. All ayes 6-0-0.**
