Industrial Note: All industrial accounts are responsible for the installed cost of their distribution transformer. All distribution transformer and equipment connected to the distribution system shall be approved for use by Lake City electric utilities. Lake City electric utilities are responsible for furnishing and maintaining all metering equipment, except for the meter socket. Industrial accounts served electric power though the unbundled rate shall also be responsible for the cost of the primary backbone distribution facilities serving them.

An excess per foot charge shall apply beyond the normal point of delivery. An excess charge of \$4 per foot for single-phase (primary or secondary) from normal point of delivery. An excess charge of \$8 per foot for three-phase (primary or secondary) from normal point of delivery.

Connection Fee

This Section has been completed

Before installing a NEW meter, a customer shall pay the connection fee. Fee is based on the size of service in amps. The size of the service will be determined from a copy of the state electrical inspection form. The developer or property owner shall be required to furnish easements as required to install and maintain the electrical distribution equipment.

Service Size and Connection Fee: (check one) A charge of \$1 per amp will be made.

- 200 amps \$200 400 amps \$400 800 amps \$800
- 1200 amps \$1,200 2000 amps \$2,000 Other _____

Note: Lake City Utilities should be advised of planning installations as early as possible so that details for furnishing service may be arranged and construction completed by the desired date.

I hereby apply for a permit to perform work on the public electric connection under the property listed above, to be connected with the above described system(s) and in accordance with the plans deposited this day with the City of Lake City. If the above application is granted, I agree to construct said work of material in a manner satisfactory to the Electric Superintendent, and in accordance with the ordinances of the municipality. I also agree to notify the Electric Superintendent before any connection is made with the public electric system. Until inspection is made, work will remain open to inspection, and at such other times during the progress of construction as may be required by the Electric Superintendent. The undersigned acknowledges that the above information is correct and that all work is done in compliance with the Lake City Utilities Rules and Regulations **.

Contractor or Authorized Signature: _____
